FAQs

Question: Can I take an elective again (example: Computer Solutions, Art Foundations, etc)?

Answer:

No - students cannot repeat courses because the curriculum is the same.

*If you took FACS and/or Engineering in 7th grade you can still sign up for FACS and/or Engineering in 8th grade since they are different curriculums.

FAQs

Question: Once I input course requests in SIS, can I change my mind?

Answer:

We plan for sections and teachers in March – so requests must be finalized when you meet with your counselor. If you have a specific question please see your counselor.

FAQs

Question: Should I take an honors course?

Answer:

Review the core videos included in the Core and Elective Tour found on Cooper's website. You will receive an advisement (recommendation) about which math class to take (since there are so many options!).

If you are considering honors in English, Civics, or Science please consult with your current teachers

FAQs

Question: Which classes will earn me a high school credit?

Answer: Algebra 1, Algebra 1 Honors, Geometry Honors, Algebra 2 Honors, Spanish 1/1B, French 1/1B, Chinese 1, Japanese 2 Immersion

FAQs

Question: So what do I do now?

Answer: Visit the [website](#) for the 4 steps!
